## *Remembering Ross Arnold*

Ross and Gloria joined our merry band in 1977. They always reminded me of the All American couple with their devotion to each other. I always remember Ross saying "I don't have a boat or a cottage, but I did put my kids through college".

Ross was very active in participating in the events of our Club. He could be found at the earlier Coach Houses helping members with their cars. He also served many years on the Board helping planning the events for the year. In 1981 he led our group by serving as its President.

In later years he would contact all the "T" parts catalog companies and request catalogs so he could give them to any member in need of one. You could also count on him if our Club was invited to participate in parades, especially the 4<sup>th</sup> of July one at Alcott park in later years.

Ross had hundreds of books relating to the history of the Model "T". He would hi-light one each month in our Newsletter. If you were interested in it, he would share.

One thing he will always be remembered for, beside his loving nature for not only man, but his pets, is the jokes he shared. The man could recite thousands of them and always had at least one to share with you at each event. He not only brightened our lives, but took time to go to nursing homes and between numbers for Gloria's dance group would entertain the seniors with his humor.

Ross will not only be missed by his family, but also by his "T" family.
