Spring Seminar 2021

Well, well, well! For the first time in a number of years we have had a spring seminar, This seminar was on the time honored ignition coil theory, repair, adjustment and testing. Duane Nicholson, hosted the seminar at his garage in Rochester. It all began at 10 AM. Mike Zahorik spoke on the theory of operation, how to check for a repairable coil, replacing the contacts and/or capacitor, the proper adjustment and testing of the Model T ignition coil. Although we had a small turn out, 7 members, (maybe COVID can be blamed), seems everyone enjoy the 2 hour presentation, complete with modern art presented on an easel. Then after all the details and facts were firmly implanted in everyone's head, we promptly took a break for lunch. Many of us marched down the road to a local deli, for sandwiches, potato salad etal. With our stomachs filled and our memories still intact. We (Go to Page 9)
