MODEL T UNIVERSITY

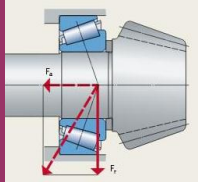

The Dairyland Model T University was once again presented at the Vrana Body Shop on January 21st. There were many members for the Dairyland Tin Lizzies, our Club and a few members from the Beloit Model T Club present. Billy Vrana, hosted the event, which began with a mini swap meet. Approximately, a dozen people brought items for sale or trade and some business took place. Around noon, the presentation began. The first order of business, We were invited to "Little Hershey" in Illinois, by the Beloit Model T Club. Next Keith Gumbinger introduced Kevin Brusco. Kevin talked about roller bearings, their greasing and maintenance. Kevin talked about front and rear wheel bearings and races, providing some important tips on how often maintenance should be done and what and how these important items should be done. We also heard a few stories of things that went bad, when this maintenance was ignored.

After this, we had a break and a little lunch. Tod Wirth was the second speaker. Tod's message was how to find issues regarding difficult starting of the Model T. Tod, in his usual thoroughness, covered engine condition, fuel system issues, and ignition issues. One clear statement was "The majority of carburization problems are ignition (Go to page 6)
