Tin Lizzies Model T University

The Milwaukee Ford Model T Club has been invited to attend the 2024 Tin Lizzies University in West Bend. A group of us decided to attend and met at the Omicron Restaurant in West Bend to charge up our batteries, prior to arriving at the University.

As we walked into Varna's body shop, there sat Greg Zangl's Model T and beyond that Billy's Varna's speedster. Billy recently acquired this car from the UP. He is working on it and you can see that there are some interesting changes, custom manifolds and home made body. In the back room, was the swap meet tables and the rest of the Model T fanatics. Up until about 12:30, we just milled around looking at the cars, swap meet stuff, coil testing and general socializing.
