Little Hershey

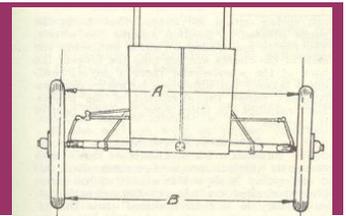

Six of us ventured out on a cool May day to see what Little Hershey in Belvidere Illinois had to offer. But, First we had to stop at Darien for a little breakfast. Once our stomachs were filled, we drove south toward Belvidere, we promptly ran into road construction which closed the highway. Some side stepping and good guessing, got to our destination. This swap meet is hosted by the Rockford Model T Ford club. This meet was open to all comers, not just Model T's, but there was plenty of Model T parts. All you need is money. Go to page 13 for more pictures.
