Dandilion Daze

Last August, Erv & Mickey Wilkowski,

hosted the Dandilion Daze Parade in Muskego. Erv made contact with the event officials and secured a place in the parade for our cars, and we got paid for it. Prior to the parade, Erv & Mickey drove the parade route and scoped out where the line up area was for us. One of the conditions of our participation was that after the parade we would display our cars for a few hours at Muskego Horn Park. When attending an event, most of us do not consider all the pre event work, including the flyers & dissemination of information that is involved.

When the parade date came along, we all met at Erv & Mickey's home, where we were treated to a little breakfast. Here we had sometime to discuss current Model T events and Issues. Erv & Mickey gave us the scenario of what was to occur during our event. We then started and Erv led us to Muskego. Our lineup spot was behind the bank at Lannon and Janesville Road. Prior to our entering the parade, Dave Hjortnaes and his speedster showed up. Eventually the parade started. We entered the parade after the fire trucks and some other cars. We drove a few miles and turned on Pioneer Drive and finally stopped at Muskego Horn Park. Here we lined up between the rides and the play ground. The parade continued for quite a while. Many people and kids showed interest in our cars. We even had a demonstration of hand crank starting. As the early afternoon approached, the parade ended and we decided to leave. BUT, (Go to Page 10)
