

PLANETARY NEWS

February 2026 Volume 22 Number 2

The 1st Rite of Spring

A number of Club members met at the Saw Mill restaurant prior to the Model A Swap Meet at the Washington County Fair ground. Seems we have been doing this for many years and it seems that it whets our interest in Model T work. The Wisconsin Model A Club has been hosting this event for many years. Tim Kirst mentioned that this event was held at the MECCA in Milwaukee, later to be held at State Fair Park and now at the Washington county Fair Grounds. Although this event is Model A, there are come Model T parts, many later model car parts, tools, toys etal. Most of us find it

Enjoying Breakfast prior to the Swap Meet

an enjoyable time just to stroll the aisles and look over the vendors wares, whether they be Model T or something else. Our group found a hand full of treasures to take home. I personally found a heater switch for my 1939 Chevy a 6 Volt relay switch and a couple of Model T coil boxes. Other items taken home were a TT wheel rim, and a few model car items. Also, during the breakfast we had the opportunity to catch up on what everyone else has been doing, Model T wise and other wise..

Generators Part 2
