Dandelion Daze

Rain, rain go away, come back another day. This was being sung by quite a few people who were planning on participating and viewing the Dandelion's Daze parade in Muskego on Sunday, August 30th. Well someone was listening as the rain in most areas stopped at 7:30 AM. Last year we were one of the units out at the beginning of the parade. Didn't happen this year. We were #40. We also were asked to park our "T's in the park again this year, but that didn't happen either. Seems the gentleman that was suppose to let us into the park was missing in action. Oh well, just meant that we could go out to eat sooner at Mickey's in Muskego. Gathering to share a meal and discuss the parade were our drivers and ride alongs, Mike Zahorik and Erv Wilkowski, Tim & Michele Kirst, Jeff Clark, Chris Schoenemann, Dave Hjortnaes, Smoke Williams and Warner. Mickey and Sandy Wilhelm joined the group at the restaurant. Food was excellent, talk great and these drivers made \$400.00 for the Club. We lucked out with the rain, but decided not to push our luck any further as they were predicting thundershowers at 2:00 PM, just about the time we were leaving. We made it home with no rain and hope all the rest of you did too. More pictures on Page 10.

The Editor would like to thank Mickey Wilkowski for writing this article.

Lining up for the parade
